

Knights in Action – Against Bill C-384 (Euthanasia and assisted suicide in Canada)

A memorandum was sent to all the parishes by Archbishop of Vancouver, Michael Miller,

about the Bill C-384 seeking to legalize euthanasia and assisted suicide in Canada and encouraged catholic men and women to call, write, email or visit our Member of Parliament about our concern and against this Bill C-384. St. Francis Xavier Council 10500 acted immediately by forwarding this letter to the State Deputy. The memorandum was distributed to all the councils in BC & Yukon State shortly after that through the State Council. Our council also prepared a

letter template to House of Common for the campaign. We announced and explained the purpose of this action to parishioners after each Mass on August 30. The parishioners were encouraged to pick up a letter from us at the booth, sign it with their address and name printed. We also offered the service to check the name of Member of Parliament in their area. They could send to the House of Common in Ottawa attention to the MP in his/her riding. Over 300 letters were picked up in 2 weeks.

Photos:

Top : Spouse of GK explained details to parishioners. Brother Felix, our Trustee, was identifying the name of MP for the other parishioner.

Bottom : Brother Wing, our Technical Director, explained details of the letter to the senior parishioners.
